

Theoretical Advances in Deep Learning

Monday, July 29, 2019

Demir Demirgil Hall, Boğaziçi University

Open Day Program

9:00-10:15	Crash Course: Mathematics Toolbox by Salih Durhan
10:30-11:45	Crash Course: Physics Toolbox by Chiara Cammarota
12:45-13:30	History of Computing and AI by Ksenia Tatarchenko
13:45-14:45	Tutorial: Structure and Geometry of Neural Networks by Çağlar Gülcühre
15:00-16:00	Tutorial: Neural Architectures for Text by Orhan Fırat
16:30-17:30	Keynote: Tackling Data Scarcity and Bias in Deep Learning by Anima Anandkumar
17:30-19:00	Reception
